### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. T. Galgano on March 30, 2004.

In claims 9,16 and 17, lines 7-9 of all three claims, have been replaced with  
--said sealing and severing means includes a heated bar having a head with a flat sealing surface and an opposed non-heated sealing surface having a generally V-shaped profile; said non-heated sealing surface made of a material which is compliant and yieldable to said heated bar.--.

Claims 1-8, being directed to the non-elected claims have been cancelled.  
Election was made without traverse on February 15, 2001.

The following is an examiner's statement of reasons for allowance: The prior art does not show an unheated, V-shaped sealer and cutter that is made of a compliant and yieldable material that cooperates with an opposed heated, flat bar to seal and cut film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
